## Dear Homeowner,

Thinking of new construction or home improvements? We have served Chicago with detailed, reliable, and imaginative work, always suiting our customers' needs.

Our passion for a job well done is what separates us from the rest. We invite you to contact some of our past customers so they can tell you of the high quality workmanship, honesty and economy that define All High Work, Inc.

We have successfully built many additions, garages, kitchens, bathrooms, and basement remodels. The experience and efficiency of our supervisors, workers, and contractors have repeatedly proven that we can perform any task professionally, cleanly and efficiently. We can also design your project and take care of the difficult permit process. We will be more than happy to provide a free, no obligation estimate for any project.

## Masonry & Chimneys

We provide tuckpointing, masonry, concrete, and stucco services. The extensive experience of our masonry team provides you with the best workmanship in the business.

## Architecture & Design

All High Work provides complete architectural design services. Our design expertise spans residential, retail, and commercial projects. Our experience is derived from our many years of hands-on development and construction experience -- backed by our detailed research and project management process.

## Exterior & Interior Painting

When painting houses, we spend extra time on the preparation process, the most critical stage of all painting jobs. Need proof? The paint is still sound on houses we completed 8 years ago. For interiors, our painters can handle the most imaginative, decorative, faux finish, and wallpapering work.

## Remodeling & Carpentry

Our handymen can drywall, plaster, tile, and take care of every item on your "to do" list. Tired of creaky windows that are hard to open and leaking cold air? Let us install new ones. We also excel in floors, stairs, and other kinds of finish carpentry. We will be happy to build a new porch or deck for your house, or repair your existing one.

## Plumbing & Electrical

Our licensed workers install all kinds of electrical, plumbing, and HVAC systems and repair those small nagging electrical or plumbing problems. We can assist you in selecting the best electric or plumbing systems for your home or business. Don't trust your health and home to an inexperienced or unlicensed contractor; enjoy the peace of mind provided by a professional.

## Roofing, Gutters, & Siding

All High Work has broad experience in repair and installation of every roofing, gutter, and siding system on the market.

# Ethics & Values

**5. STABILITY.** Our business has grown steadily since we began in 1995. Several years ago we opened our downtown Oak Park office. We've worked in this neighborhood since we began. We plan to work in the area for decades to come. So, you know we'll always be there if you need us.

**6. RESPONSIBILITY.** We are fully licensed, insured and bonded. We carry Liability Insurance to protect your property against any damages. And each of our workers is covered by Workman's Compensation Insurance to protect you against work-related injury lawsuits.
